INSTRUCTIONS FOR THE COMPLETION OF FORM 7
NUMBER OF INDIVIDUALS SERVED (UNDUPLICATED) UNDER TITLE V
[Sec. 506(a)(2)(A)(i-ii)]

Title V citation: [Sec. 506(a)(2)(A)(i-ii)] requires each State to submit an annual report on its activities under Title V. Included in this requirement is the following: “(2) Each annual report...shall include the following information: (A)(i)The number of individuals served by the State under the title (by class of individuals). (ii) The proportion of each class of such individuals which has health coverage.”

Instructions:

A glossary of terms applicable to this form is presented in Section 10.1 of this document.

Complete all required data cells. If an actual number is not available, make an estimate. Please explain all estimates in a footnote.

1. At the top of the Form, on the Line “Reporting Year”, enter the year for which the data applies.
2. In column (A) enter the unduplicated count of individuals who received a direct service (in person, by phone) from the Title V program regardless of the primary source of coverage. These services would generally be included in the top three levels of the MCH pyramid (the fourth, or base level, would generally not contain direct services) and would include individuals served by total dollars reported on line 7 of Form 3.

Please note that the figure in the “Title V Total Served” column of the “Infants < 1 year of age” row is related to the “Total Births by Occurrence” line in Form 6, and the “TOTAL INFANTS IN STATE” row in section I of Form 8. While these figures are not expected to match, they should show a fairly close relationship to each other.

3. In the following columns report by the class of individuals served by the Title V program the percentage of those who have as their primary source of coverage either:
 - Column B: Title XIX (includes Medicaid expansion under Title XXI)
 - Column C: Title XXI
 - Column D: Other (public or private) coverage
 - Column E: None

These may be estimates. If individuals are covered by more than one source, they should be listed under the column of their primary source.
